

# TWENTY|20 MINISTRIES

The eye is the lamp of the body. If your eyes are healthy, your whole body will be full of Light.

Matthew 6:22

## 1 Program update

**LIGHT UP  
LEARNING**  
Scholarship Program

We have everything in place! Our schools and providers have all the information and processes in place to help kids Light Up Learning! We also received our very first application and are preparing to serve our first scholarship recipient! YAY!

What comes next: School nurses are in the process of completing vision screenings. We hope to begin seeing applications from schools come in as soon as the beginning of October!

## 2 Awareness

The success of our program will largely be dependent on awareness!

Marcy recently received a text from a FHS teacher about a student who needs glasses but his mom cannot afford them. We haven't even introduced the program to the FHS staff yet! Marcy went straight to the office that morning to send info to the teacher to get to the student. What an exciting opportunity that displays the beauty of a community who cares deeply about their kids.

We recently reached out to the counseling staff at FSD schools to introduce the program to them, giving us **JUST ONE MORE AVENUE TO SUPPORT EYE HEALTH IN KIDS!**

## Pediatrician Connection

We have continued to process what our relationship to local Pediatricians might look like and how those connections will help us reach kids that are not in the school system.

In fact, our very first application for assistance came from a referral from a local Pediatrician who was aware of our program.

The possibilities that exist in the relationship between Pediatricians and Optometrists opens options that we have only begun to explore. We are extremely excited to see where this might take us!

## Prayer requests

- Pray for continued progress towards receiving our non-profit status! Having this in place will allow us to grow in ways we've only imagined.
- Continue to pray the kiddos who will receive services from our providers.
- Pray for all of our interactions, that we will be a conduit of love, generosity, and FULL OF LIGHT.

## Board Update

Our first official meeting of the Board of Directors was on September 24, 2024.

We are so very thankful for the talented and devoted team of leaders that have come together to lead us in promoting healthy eyes for kids in need.

The board plans to meet quarterly to dream, collaborate and inspire new and exciting goals for Twenty20 Ministries!

## 4 Non-profit status

Our Board of Directors has met and approved documentation to apply for Non-profit status. Hooray!

God is good and we are seeing the results of that! We will continue to keep you update on our progress.
