Scholarship Program

In 2025 we awarded 48 Scholarships to local kids in need.
So far in 2026 we have already awarded 24 Scholarships and look forward to serving many more!

2 GROWTH!

Our partnership with local schools continues to grow as we meet with nurses all across the Greater Houston Area. We are excited to share that we have provided scholarships to children in 5 different school districts: FISD, CCISD, Pearland ISD, Katy ISD, Pasadena ISD--with many more in the works!

As we grow into these new areas the need for providers increases dramatically. Our focus for the rest of the school year is on finding and onboarding private optometry practices that share our passion for helping kids.
